## Glory to God!!!!

What a fulfilling year 2008 has been for us and *HolyHolyHoly Ministries*. We have been blessed with the favor of God and man. At the beginning of the year the Lord spoke to me and said that He would open doors where there were no doors. This is exactly what has happened throughout the year. We have stood in awe of how He has continued to make all things new before our very eyes. Thousands received Christ Jesus as their savior and were filled with the Holy Spirit. The miracles and healings followed us everywhere we went. When I reflect on the past things God has done, those experiences strengthen me for what He is about to do. *Now is the time, today is the day of salvation, this is the year of his favor.* When we understand yesterday is gone and tomorrow has not come, we come to know God as the God of now. Then we begin to partake of our inheritance while we are led by the Spirit which is His will for us. We have already started getting ready for our first large scale evangelistic campaign in Honduras. This is being done with the wisdom God has given us to accomplish His will. Our strategy is to create an army of willing and obedient believers by training to evangelize and make disciples of men. Recently in Honduras God granted us great favor with the Mayor of San Pedro Sula and pastors from the surrounding churches. We will have a three-day crusade downtown central park where thousands will come to receive of God's gracious gifts. Prior to the crusade, we will have already evangelized the city in preparation for this crusade. Besides our own expenses there are many costs to fulfill this commission. There are the costs for buses to transport the people from and to their homes in addition to widespread literature and promotion. In addition, we have full-time qualified individuals that we are also providing for their needs. As each of us do our part through prayer and financial support we all share in the blessings together. Ephesians 4:16 "from him the whole body, joined and held together by every supporting ligament, grows and builds itself up in love, as each part does its work".

Thank you for being united and may God bless you!
